'00 JAN 11 P4:04

OFFICE OF THE SECRETARY
ADJUDICATIONS STAFF

3233 Beneva Rd. #104
Sarasota, FL 34232
January 2, 2000

US Nuclear Regulatory Commission:

According to an article in "Public Citizen," there is danger that radio-active materials may soon be recycled into consumer products, with no warning to consumers! This is outrageous!! I implore you to do all in your power to put a stop to this disgraceful situation.

Your response will be appreciated.

Sincerely,
Mary E. Gamson
