Gloria Bennington, Administrator
Spent Fuel Project Office
Nuclear Regulatory Commission
OWFN-6 F-18
Washington, DC 20555

Dear Mrs Bennington:

I am requesting a deviation from approved route #196. The State of Georgia has informed us that US-520 is now under heavy construction until the year 2000. Georgia considers US-520 as an unacceptable route for irradiated fuel shipments because of the heavy construction.

Georgia recommends that the shipment remain on US-20 into South Carolina. The shipment can then take SC-19 South past Aiken and proceed to the Savannah River Site.

If you have any questions, please contact me or Captain Bruce Bubb of the Georgia Public Service Commission at (404) 559-6627.

Please expedite this deviation as we have just mailed out advance notifications for an upcoming shipment. We are on a clock. Thanks in advance for your help.

Sincerely,

Bernard P Ducamp
