DOCKET NUMBER
PROPOSED RULE PR 20
(64FR35090)

(827)

DOCKETED
USNRC

'00 MAR -1 A8:26

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Chairman Richard Meserve,
USNRC
Washington, D.C 20555

Dear Chairman Meserve,

I demand that NO radioactive contaminated materials ever enter the consumer market place.

"0" TOLERANCE

I don't care whether it is core or surface or whatever. Nothing should enter the market place.

As far as I am concerned, we shouldn't even be using nuclear power until or unless we have developed a way to decontaminate the by products.
