DOCKET NUMBER
PROPOSED RULE PR 20
(64FR35090)

(350)

53 Elbrid Drive
Silver Spring, MD 20904

December 13, 1999

Chairman Richard Meserve
Nuclear Regulatory Commission
Washington, D.C 20555

DOCKETED
USNRC
'99 DEC 21 P4:32
OFFICE OF SECRETARY
ADJ

Dear Chairman Meserve:

I am writing to ask that the Nuclear Regulatory Commission isolate all radioactive wastes and materials, no matter what the level of radioactivity.

Using radioactive wastes in consumer products poses unnecessary, avoidable, involuntary risks. As a consumer and a grandparent, I cannot accept such risks!

Thank you for seriously considering this request

Sincerely,
Mildred Farr Cutchis
