Mr. Stuart A. Richards
Project Director
U.S. Nuclear Regulatory Commission
11555 Rockville Pike
Rockville, MD 20852

Dear Mr. Richards:

I would like to thank you for your call of this morning to bring me up to date on the status of the CROSSFLOW SER. If you can let me know when it becomes available to the public I will arrange to get copies.

I would also like to express my appreciation for the NRC's willingness to review all of the information we provided and for giving us the opportunity to present our concerns in the March 8 meeting.

In the postscript to my letter of March 17, I indicated that I would provide a response to certain questions today. Knowing now that the SER will be available within ten days, I would prefer withholding further comment until we review that document.

Sincerely,

Calvin R Hastings
