Mr. President:

This letter is to call for you to issue an Executive Order prohibiting radioactive wastes and materials from entering the consumer marketplace, landfills, incinerators, anywhere but licensed radioactive facilities.

Also it is to call for you to direct EPA, NRC, and DOE to:

1. recapture radioactive wastes already released and

2. work for an international prohibition on radioactive "releases"

I do not wish to be slowly killed nor to have my health and well-being in danger by such deadly poison!

Neither do I want other living beings killed nor in danger of such poison!

Hoping you take the action stated above, I remain,

Sincerely yours,

Barbara Keenan
