Dear Sirs:

Ms. Stephanie Griffin
6 Harris Cir. Apt. 7
Arlington, MA 02474

May 19, 2000

It is astonishing that DOE is subsidizing the recycling of tons of radioactively contaminated scrap metal, for use in car parts, cookware, toys. Why not use also in dental work, pacemakers, etc? It's only life and health that is at stake.

Serious standards are required, to avoid serious risk.

Yours truly, Stephanie Griffin
