SFP

Discussion w/ RPalla, JFlack:

RPalla: ① Send us upper bound stuff now, because you got that done.
② not going to publish it; only for internal consumption to get us warmed up
③ hard to misuse at this point

JSchaperow: How is Kelly doing on frequency stuff?

RPalla: Largely qualitative arguments.

Discussion w/ JFlack:

JSchaperow: I can do the Calcs Monday and give the results to you (JFlack) Tuesday.

JFlack: OK.
