Dear ~~Mr. Sollenberger~~ Dennis:

The purpose of this correspondence is to thank you for your recent participation in the Organization of Agreement States annual meeting in Santa Fe, New Mexico. The information you presented was most helpful. As you are aware, challenges still exist in terms of meeting the training demands of the States. I thought the discussion was healthy and there were follow-up items to be addressed by the NRC. If I can be of further assistance, do not hesitate to contact me.

Sincerely,

Bill
