OFFICE OF SECRETARY
ADJUDICATIONS

Dear Sir:

I am deply concerned that you Keep radioactive wastes and materials from nuclear power and weapons isolated from the public and the environment, and prohibit any "releases" from regulatory control (2) that they prohibit radioactive materials from entering the consumer marKetplace or anywhere but licensed radioactive facilities, (3) that they recapture that which has been released and (4) work for an international Prohibition on radioactive "release".

Remember, the makers of consumer goods do not want to use contaminated materials. But under government's guidelines, they may not even Know if they are using them. The best way
