03/14/02 Wayne Hodges

Alleger called and asked to meet with Wayne. Came in Tuesday afternoon.

Tried to discuss discrimination concerns, but Wayne advised him that those are being handled by RIII and he should not discuss them.

Wayne indicated that we are handling only the two technical concerns, and Wayne asked alleger to send us more specific information about the concerns. Alleger said he would do so.

Wayne will write a summary of the conversation with the alleger.
