Feb. 3, 2004

Mr. Hakeem Miller,

I am writing to urge you to hold the upcoming Entergy Nuclear Northeast meeting regarding Entergy's proposal for dry cask storage at Indian Point in Westchester County. Many residents of the County are eager to attend & participate in this meeting — a distant site for the meeting would prohibit such participation. It is only fair & reasonable that NRC & Entergy officials appear in the home County of Indian Point.

Sincerely,
Pauline Kraneveldt
