November 17, 2004

Mr. Douglas Fletcher, Chair
Vernon Select Board
Town of Vernon
P.O. Box 63
Vernon, Vermont 05354

Dear Chairman Fletcher:

I would like to thank you for supporting the Nuclear Regulatory Commission in our efforts to hold two meetings in Vernon last week.

We understand and strongly support your decision to not hold the meetings because the anticipated number of attendees might have exceeded the safe capacity of the facilities. Like you, our first priority is safety. We share your concerns about assuring the safety of the public and appreciate your willingness to work with us.

We look forward to working with you in the future.

Sincerely,

/RA/

Wayne D. Lanning, Director
Division of Reactor Safety

Mr. John Reed, Principal
Vernon Elementary School
381 Governor Hunt Road
Vernon, Vermont 05354

Dear Mr. Reed:

I would like to thank you for supporting the Nuclear Regulatory Commission in our efforts to hold two meetings in Vernon last week.

We understand and strongly support your decision to not hold the meetings because the anticipated number of attendees might have exceeded the safe capacity of the facilities. Like you, our first priority is safety. We share your concerns about assuring the safety of the public and appreciate your willingness to work with us.

We look forward to working with you in the future.

Sincerely,

/RA/

Terry Parker, Chief
Vernon Volunteer Fire Department
P.O. Box 63
Vernon, Vermont 05354

Dear Chief Parker:

I would like to thank you for supporting the Nuclear Regulatory Commission in our efforts to hold two meetings in Vernon last week.

We understand and strongly support your decision to not hold the meetings because the anticipated number of attendees might have exceeded the safe capacity of the facilities. Like you, our first priority is safety. We share your concerns about assuring the safety of the public and appreciate your willingness to work with us.

We look forward to working with you in the future.

Sincerely,

/RA/

Wayne D. Lanning, Director
Division of Reactor Safety
