4/7/99

Ed Lyman:

BNL spent full prod cales from last year
had mistake in MACCS calc of cancer fatalities,

(100,000 cancer fatalities?)

due to a mistake in the code.
The PM issued to Ed Lyman a corrected
version of the code.

"Loose ends," - Lyman error
- isotope list

4/7/99 @ 11:30 I mentioned this to John Randall.

Follow up
