What To Do If You Are Told To Evacuate

The map and the chart on this page show you how to move out of your area if you are asked to evacuate. You are also told below how to get ready for the trip.

Follow These Steps For Using The Map and The Chart

1. Locate the section in which you live. Look on the map and the chart for your section number. This is the number you are asked to put on the front of the booklet. If you are not sure about this number, check the map again. **Circle your number on the chart.** Write it on the front of this booklet.

2. Locate the evacuation routes for your section. Look across the chart to the third column. This is the one with the heading "Evacuation Routes" marked at the top of the chart. There you will find the routes to take when you drive to your center. **Mark the route on the map that is easiest for you to follow.** That will help you in an emergency.

3. Locate your reception center. Now look alongside the route you have chosen, in the next column (with the heading "Reception Centers for Adults and School Children"). There you will find the name of your reception center and its address. **Put a circle around it.** Each member of your family should know the location of your reception center.

When you arrive at the Reception Center, you will meet any family members who did not travel with you. After you register, you may leave and stay with friends and relatives. If you choose to stay at a hotel or motel, or with family or friends, be sure the place is more than ten miles from Waterford 3. If you need a place to stay, shelter space will be made available at the Reception Center.

4. Locate your pickup point. If you need a ride to a reception center, try to go with a neighbor, a friend, or a relative. If you cannot do that, you can be picked up from special points near you. Each pickup point in the **chart** has a number. To locate a pickup point on the **map,** look for the triangle with that number on it. Choose the pickup point closest to your home. **Put a circle around it.**

5. Locate your children's reception center. If the children have to leave their schools for a safer place, they will be the first to move. Their teachers and other adults will take them to the reception center for the section in which they go to school. **Locate that center on the chart and circle it.** You will also be told by radio or TV where to pick up your children.

Do not go to your children's school to pick them up. That could delay their move to a safer place. School officials will take special care of your children.

Your children may live within ten miles of Waterford 3, but go to a school farther away. If they do, plan to pick them up at the school yourself.

Do not try to call your children's school. The phone lines will be needed for official business.

6. Try this example. This will show you if you are using the chart correctly. Suppose you live in Section A4 on the map. In the first column you see the section number and the name of the Parish, St. John. In the second column you see the names of the towns in that section, Reserve and Garyville. The third column lists the evacuation routes for section A4. It tells you that you can use U.S. 61 North or go west on Route 44 (River Road). You would choose the easiest road for you to follow. Look at the fourth column. The reception center for section A4 would be the Centroplex, at 275 South River Road in Baton Rouge. The last column lists the pickup points in section A4 where you could go to get a ride.

If you have questions about your route, reception center, or pickup point, write or call one of these offices **as soon as you can.**

- **St. Charles Parish Department of Emergency Preparedness,** Parish Courthouse, 15045 River Road (Highway 18), Hahnville, La., Phone Number (985) 783-5050
- **St. John the Baptist Parish Civil Defense,** Emergency Operations Center, 1801 West Airline Highway, LaPlace, La., Phone Number (985) 652-2222

Follow These Steps To Get Ready For the Trip

1. Stay as calm as you can. If you already know where to go and what to take, that will help. You will have time to do what you need to do. **Remember that nuclear plants do NOT explode.**

2. Gather what you and your family will need. You will probably have to be away from home for a few days. Take these things along if you can.

- This booklet
- Extra clothing
- Eyeglasses, dentures, prescription drugs, other important medicines, and first aid kit
- Some way to identify yourself
- Baby supplies
- Portable radio and flashlight (if you have them)
- Checkbook and credit cards

3. Remember as you leave to do the following.

- Turn off the lights and your household appliances.
- Leave your refrigerator and freezer on.
- Lock your house.
- **Use only one car (or other vehicle) for your family.** If you have room, please check to see if any of your neighbors need a ride.
- Follow the route you have marked on the map in this booklet. Keep your car windows and air vents closed. Listen to one of the following radio stations for reports about your route and other information.
  - **WWL-870 AM**
  - **WLMG - 101.9 FM**
- Drive safely; traffic will be heavy. Deputies along your route will help with the traffic.

4. Do not worry about your property while you are away.

- Law officers will protect it.
- National Guard troops will be called if they need to help.
- Roadblocks will keep people out of the area you have left.

5. Ask about these kinds of information when you get to your reception center.

- How to register.
- Where members of your family are, if they are not with you.
- How to get other housing if you need it.
- How to get medical or other special help.
- How to get checked for radiation.
- When it is safe to go back home.

If you hear the outdoor sirens, turn on your radio or TV to find out what to do.

– Radio - WWL-870 AM
– Radio - WLMG - 101.9 FM
– TV - Channels 4-WWL, 6-WDSU, 8-WVUE, 12-WYES, 26-WGNO, COX 6 (St. Charles) and Time Warner Channel 55 (St. John).

FOLLOW THE DIRECTIONS GIVEN EVEN IF THEY DIFFER FROM THOSE IN THIS BOOKLET.
