I called J. Gregory around 12:15 p.m.

She said:

She has produced 300 atmos files.
She will run MACCS 300 times and expects to have results today.

I asked for distributions of mean results for

1) 0-100 miles early fat
2) 0-500 miles early fat
3) 0-100 miles can fat
4) 0-500 miles can fat
5) 0-100 miles soc dose
6) 0-500 miles soc dose
