Commanding Officer
U.S. Army Electronics Research and
Development Laboratory
Fort Monmouth, New Jersey

Dear Sir:

This is in reference to your application dated February 8, 1963, for renewal of License No. 29-1022-6. The application was received by this office on May 9, 1963.

In order to continue review of the application we request that you specifically identify those documents which have been previously submitted which should be considered in renewal of the license. This matter was discussed in a recent telephone conversation with Mr. B. Markow, Chairman of the Isotopes Committee.

Sincerely yours,

Nathan Bassin
