Commanding Officer
United States Army Electronics Command
United States Army Electronics Laboratories
Fort Monmouth, New Jersey 07703

Dear Sir:

This refers to your letter of May 21, 1964, (AMSEL-RD-AD) with which you submitted copies of Memorandum Number 385-5 dated 17 February 1964.

If these procedures are to be used in lieu of those specified in Memorandum Number 385-5 dated 27 January 1961, it is necessary that License No. 29-1022-6 be amended to provide for them. The Army has requested us, and we have agreed, not to take action on any application which has not been submitted through appropriate channels. An application for license amendment should be submitted through Department of the Army, Office of the Deputy Chief of Staff for Logistics, Washington, D. C., Attention: Chief, PMMA Execution Division.

Very truly yours,

Original Signed by
