Matt,

You can download the "Southern Nuclear Operating Company Early Site Permit Application - Part 3 Environmental Report" at the following address:
http://adamswebsearch2.nrc.gov/idmws/ViewDocByAccession.asp?AccessionNum
ber=ML062290248

Figure 2.1-1 is a map of the proposed footprint, but this figure does not include the borrow areas or the proposed new transmission corridor (the specific route of the new line has not been determined -described in section 2.2.2). Please let me know if you have problems accessing this site or file.

We will plan on being at your office at 10:00 AM on Thursday (there will be 4-5 of us coming to the meeting). If that time won't work for you, please let me know.

Thanks,

Amanda Stegen
Research Scientist
Pacific Northwest National Laboratory
509-372-4511

Amanda-
I am able to meet any time next Thursday. Do you have a map of the proposed footprint of the expansion?
-Matt

Mike,

I was kindly reminded that 2 of our biologists need to be back in Waynesboro by 5:00 on Thursday. So, if it is possible, could you please try and set the meeting up to allow them time to get back by 5:00.
Thanks- Amanda
