Dear Mr. McClelland:

Thank you for your participation in the May 30, 2007, public workshop, "New Reactor Licensing and Transmission Planning Overview." Your contribution led to a better understanding of the different regulatory processes that need to take place before new plants align to the grid. The workshop was extremely helpful and informative to all attendees and we received positive feedback on its content. This workshop has laid the foundation for future discussions with government and industry representatives to ensure the safe utilization of nuclear power to help meet the nation's future energy needs.

Sincerely,

R. W. Borchardt, Director ***/RA/***
