18.0 REVIEW BY THE ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

The ACRS will review the application for an ESP at the VEGP site, as well as this SER. The staff intends to issue a FSER after resolution of the open items discussed in this SER and after receipt of the ACRS report to the Commission summarizing its review. The FSER will append a copy of the ACRS report and will address each comment and recommendation. The FSER will also describe steps the staff has taken or plans to take to resolve any issues raised as a result of the ACRS review.
