OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Secretary

Federal Register

vol. 66

Don't take away my right to Public Hearings. I want to participate in everything you do. I don't want Indian Point II & III operating in the middle of High Density populations with the distinct possibility of cutting the Hudson and New York State in half if a disaster occurred.

Please don't take my right to Public Hearings away. Why add to the cancer burden we already have.
