Director of Nuclear Reactor Regulation
Attention: Ms. E. Adensam, Chief
Licensing Branch No. 4
Division of Licensing
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Ms. Adensam:

In the Matter of the Application of	)	Docket Nos. 50-390
Tennessee Valley Authority	)	50-391

Please refer to H. L. Thompson's letter to H. G. Parris dated July 22, 1985 concerning documents received which the NRC intends to place in the NRC Public Document Room (PDR). Title 10 of the Code of Federal Regulations Part 2.790(a) (footnote 8) provides that drafts of documents are not considered to be NRC records to be placed in the PDR. For this reason, we request that item number 11 entitled, "Copy of Early Draft (1st draft) of NSRS Evaluation of B&V from J. Murdock May 21, 1985," not be placed in the PDR. We believe that the content of the document has been presented during the ACRS committee meeting and that this draft will not present any additional information.

If there are any questions, please get in touch with K. P. Parr at FTS 858-2682.

Very truly yours,

TENNESSEE VALLEY AUTHORITY

R. H. Shell
