Michael J. Pretti, P.E. Radiation Safety Officer	Foth Infrastructure and Environment, LLC. P.O. Box 12326 2737 South Ridge Road Green Bay, WI 54307	920-496-6747 FAX -6902

SUBJECT
Control No. 316766 – Re - Amendment request for License No. 48-18916-02, by letter dated December 17, 2007, regarding a slight change in location of the licensee's nuclear gauge storage area in Wisconsin.

SUMMARY
In a telephone conversation on 2-04-2008 with Mr. Pretti, I informed him that we are voiding the subject amendment request because the subject NRC license only involves the use of licensed material at temporary job sites of the licensee anywhere in the United States where the U.S. Nuclear Regulatory Commission maintains jurisdiction for regulating the use of licensed material, as per Condition 10 of the license. Therefore the NRC does not regulate the licensee's storage or use of the licensed material at their location in the State of Wisconsin, which is an Agreement State.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this conversation record will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at http://www.nrc.gov/reading-rm/adams.html (the Public Electronic Reading Room).

ACTION REQUIRED
License reviewer to void the amendment request based on the information as described above.
