Re: Materials License 29-14017-01 03001980

Dear Sir or Madam:

Kimball Medical Center wishes to add an area of radioactive materials use to its NRC materials license referenced above.

We wish to inject critical-care patients with radiopharmaceuticals at their bedside when transfer to the nuclear medicine department will be detrimental to their care. Such critical-care patients are located in either the cardiac care unit (CCU) or the intensive care unit (ICU). The radiopharmaceuticals injected in the patients' rooms will be for studies permitted by 10CFR35.100 and10CFR35.200.

If you have any questions for require additional information, please do not hesitate to contact myself or our consultant Medical Physicist, Karen Wheeler, M.S., DABR at (908) 788-9440 ext. 45.

Sincerely,

Joe Hicks
Executive Director
