Tom
Is this the latest and greatest versions of the RAIs? Do we expect anymore revisions or new RAIs from PNNL at this moment? This list is being sent to OGC right now, correct? They are not going to UniStar until May. The email was not clear on this.
Thanks
Laura

Subject: RAIs for Calvert Cliffs

To All:

Attached are the RAIs that will be sent to Unistar. The first table is the almost the same as the info needs list sent before the site audit, but has additional text in some items, shown in blue. Because we took no documents with us, and to document verbal response, they are being sent to Unistar to get written responses under oath and affirmation for the docket. The two other tables are additional RAIs that came up during the review after the audit.

At this time, no other RAIs are planned for the ER review. However, if a question comes up, there is time to send additional RAIs. The schedule allows until May 27 to get all the RAIs to OGC for review.

If there are any more RAIs needed, let me know soon. They can be sent out later.
