Don,

FYI here is the agenda just issued by NC Division of Water Resources for tomorrow's meeting in Fayetteville. There is no specific discussion planned regarding the potential Harris Expansion Project

Subject: Meeting of Cape Fear River Basin Water Users

Cape Fear Water Users,

This is your reminder of our meeting on Thursday, March 20 at the Fayetteville Public Works Commission. The agenda for the meeting is attached.

The final revisions for the support analysis are being made and will be made available to you on Wednesday, March 19.

I look forward to seeing you on Thursday.

Phil Fragapane

WHAT: Meeting of Water Users in the Cape Fear River Basin

WHEN: Thursday, March 20 at 10 AM

WHERE: Public Works Commission
955 Old Wilmington Road
Fayetteville, NC 28301

You are invited to participate in a meeting of Cape Fear River Basin water users on March 20, 2008 at 10 AM.

This is a follow-up meeting to a meeting in which you may have participated in October 2007 with the purpose of updating water use information in the basin.

In this March meeting, results will be presented that were generated using the Cape Fear Hydrologic Model. The model was used to study current and projected water use in the years 2030 and 2050, and incorporates

the updated information provided by water users. A broad range of results will be presented to evaluate impacts on water availability.

There will also be time for interaction with other water users and to share questions and answers.

Please plan to participate or ask someone to represent your organization in this meeting.

A meeting agenda and support materials will be provided to you as the date of the meeting nears.

I look forward to seeing you on March 20.

Phil Fragapane
NC Division of Water Resources
