Subject: RE: GGU3 Reading Room Contact Info - Richland WA

Tami:
Same report from here in Germantown. The room is set up and ready to support Staff review.
- Material includes binders and the GG COLA project N&S review instruction, G-004. No copy of the COLA ER has been made available.

I request, if possible, that a minimum of 1 day prior notice be given for any Germantown visits, just to make sure the office staff here has some advisory.
- That advisory can be made via phone or email to the contact person below (or to myself).

I understand, Tami, you'll be the first visitor here on 6/5. At this point, do you have any other schedule information on Staff visits?

****
Enercon Contact Person: Theresa Bladen (See above cc: for email address)
Phone: 301.972.5221
Office Address: 12850 Middlebrook Rd, **Suite 304**; Germantown, MD 20874.

Normal Office Hrs: 0800 to 1700. Access is available any time during these hrs. Times outside of these hrs are certainly possible but must be arranged by special appointment.

The office is located West of the MD 118 (Germantown Rd). Take EXIT 15B from I-270 N. We're at the (SW) intersection of MD118 and Middlebrook. Lots of parking to North and East of bldg.
- Come to 3rd floor. No security. See Theresa in **Suite 304** for directions to Suite 302 and the N&S material viewing room.

As we have discussed, this material, in both Richland and Germantown offices is internal project documentation. It is being made available for Staff (and PNNL) review only and may not be copied or removed from the premises.

Let me know if you have any questions.

Guy
