Guy and Guy:

after I sent that email, I thought maybe giving the info over the phone would be better?

Tami

And, just a reminder, Tami.
I assume you'll send that listing of personal information directly to Guy Davant and to him ONLY.
Thanks,
Guy C

Guy:

That task was high on my list this morning. Waiting for PNNL to arrive to work. Rather than sending mine and Jessie's separate, I'll send everyone's in a single list.

Tami

Tami,

In order to establish internet connections for you and Jessie, I'll need your SSNs. Please send them today so I can get the paperwork going.

Thanks!

Guy

Hi Tami,

In regard to internet access for the GG Audit, so far we have:

(2) Ethernet hookups (Tami Dozier and Jessie Muir)

Have you gotten any feedback from PNNL on wireless internet access? Please let me know so we can get the proper paperwork in place.

Also – Please confirm for me that those attending the Scoping Meeting will not be around for lunch on Thursday?

Thanks! Amy

Amy:
I am cleaning out my inbox and found this message from you that I missed earlier this week. I will route it around. Probably will only be the PNNL folks. Our NRC laptops don't usually have wireless capability (!!!). So.... I guess we will need to request some ethernet hook ups. Just a few - maybe just Jessie and I - and then NRC folks who need internet access can come use one of ours.

I'll be in touch with the wireless info from PNNL.
Tami

Tami – Can you let me know how many wireless internet connections your team will need for the week of June 16? I believe I will need some information from those who need this (name, etc.) to get them through the Entergy IT Process.

Thanks!
Amy
