Dear Mr. Mosley:

The Nuclear Regulatory Commission is requesting emergency publication of the document entitled "Notice of Approval of Request to Extend the Comment Period of Draft Regulatory Guide (DG)-1200, "An Approach for Determining the Technical Adequacy of Probabilistic Risk Assessment Results for Risk-Informed Activities," which was transmitted on October 30, 2008, to the Office of the Federal Register for publication. The public comment period for DG-1200 is being extended from September 24, 2008 to December 31, 2008. This extension is necessary to ensure that stakeholders have sufficient time to provide comments on DG-1200 so that the staff appropriately considers all stakeholder input before issuing Revision 2 to Regulatory Guide 1.200. We request that the above referenced document be published on Monday, November 3, 2008.

Sincerely,

/RA/
