YOUR COMMENTS ON THE YUCCA MOUNTAIN REVIEW PLAN, REVISION 2
DRAFT REPORT FOR COMMENT

MAY 2002

The "Public Information Meeting of the NRC" seems to be a charade.
All major decisions have already been made - the point of the meeting seemed to be NRC employees giving ~~[illegible]~~ presentations and arguing with & generally dismissing the publics' comments.
Where do these comments go? Nowhere. All decisions have been made. ~~[illegible]~~ This was simply an exercise in rationalizing Yucca Mtn & nothing more.
The presentors are paid to justify Yucca's existence, a done deal & therefore the entire series (even over years) of these public meetings & info sessions etc. are a mockery of democracy.
While Yucca is distressing - perhaps even more distressing is the ~~[illegible]~~ powerlessness of the public in evidence both on this issue & ~~[illegible]~~ the vast majority of ~~[illegible]~~ others with regards to the institutions & system which run our lives.
