FOIA 10-6-01
Debra Engel
Don Hassell
Lynn Scattolini
Carol Ann Reed
Dave Matthews
Mindy Cordan

DOJ sent out a notice asking agencies to withhold FOIA requests in view of 9/11 events. Hassell says if the docs are available elsewhere (aside from NRC + ADAMS), cannot legally withhold under FOIA — get the ready for release

* We need to ask if risk informed notebooks reside in other locations (also for all documents) (Ask Doug Coe)

Also you could begin building a record of folk who ask for it for security purposes.

Could issue an executive order to add a new category.

Might be prudent to withhold all questionable FOIA requests at this time. Wait to hear from DOJ.

* OCIO needs to modify procedures so they don't put FOIA requests on ADAMS - only for those documents we've posted
