Dr. Robert J. Wright (4)
Repository Projects Branch
Division of Waste Management
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Dr. Wright:

DRAFT ENVIRONMENTAL ASSESSMENT REFERENCES FOR THE REFERENCE REPOSITORY LOCATION, HANFORD SITE, WASHINGTON

Enclosed for your use are the requested number of microfiche sets of references based on the December Draft Environmental Assessment. This transmittal includes the entire list (reference index) of references for Chapters 2 through 6. It should be noted that approximately fifteen (15) references are still in final preparation and will be available to the distribution by mid-January.

The references for Chapters 1 and 7 (written by the Department of Energy Headquarters) will be transmitted separately as soon as they become available, also by mid-January.

We trust that this package of references along with those to follow in the next two weeks will serve to enhance your preparation for public comment on the Draft Environmental Assessment.

Very truly yours,

O. L. Olson
