JUN 30 1965

[illegible] (04-[illegible])

Pratt and Whitney Aircraft Division
United Aircraft Corporation
400 Main Street
East Hartford, Connecticut 06108

Attention: Mr. R. F. Wilkins
Division Assistant Counsel,
Contracts

Gentlemen:

Enclosed is Material License No. [illegible], issued in response to your application of May 21, 1965.

Upon receipt of this [illegible] license, you will be responsible for determining that equipment is not transferred, and facilities released from regulated [illegible] radioactive [illegible] material, until the following criteria for amounts of contamination are satisfied:

1. Removable contamination [illegible] shall not exceed 200 dpm/100 cm² as determined by dry filter or soft absorbent paper using moderate finger pressure. Fixed contamination shall not exceed 5,000 dpm/100 cm² $1 ft^2 = 929 cm^2$

2. Average and maximum radiation levels at 1 centimeter shall not exceed [illegible] mrem/hr. [illegible] measured with a [illegible]

[illegible]

Sincerely yours,

[illegible]

Paul L. Johnson
Deputy Director
Division of Materials
Licensing
