Subject: RE: RAI Responses Dated June 12, 2008

We are working to correct the problem. Is PNNL able to continue their review in the meantime?

Subject: RAI Responses Dated June 12, 2008

DOCKET NUMBER: 52-016

Dear Mr. Wrobel:

The electronic files on CD_ROM containing RAI responses submitted by letter dated June 12, 2008, are not compatible with the NRC's electronic file standards. They cannot be processed for docketing until they are reformatted.

The incompatibilities that need to be corrected are: (1) CDs contain PDF files with fonts not embedded (please re-PDF to include ALL fonts); (2) Fast Web View not enabled (Issue a File -> SaveAs in Adobe Acrobat Pro will correct this); (3) missing Hidden text (scanned text are non-searchable, not OCRed).

Please correct the incompatibilities and resubmit the RAI responses. The files should be checked by your staff to assure the incompatibilities are corrected before the files are re-submitted.

Sincerely,

Thomas Fredrichs, Sr. Project Manager
US Nuclear Regulatory Commission
Office of New Reactors
