Attachments:	FYI: Receipt of Texas proposed regulations to incorporate RATS IDs: 2002-1, 2005-1, 2006-2, 2006-3, 2007-3, and 2008-1; 2007-3.doc

Dear Ms. Cardwell,

On December 1, 2008, (attached), I accepted for review RATS 2007-3, Requirements for Expanded Definition of Byproduct Material 10 CFR Parts 20, 30, 31, 32, 33, 35, 50, 61, 62, 72, 110, 150, 170, and 171 as part of your November 19, 2008 submittal package.

As per my previous discussion with you and Monica Perez of your staff, for complex rule amendments, we recommend that a cross walk be provided along with the redline/crossout proposed rule text (See SA-201, Appendix F question 3). Without the cross walk at this time, we are unable to complete our review of your submission of RATS ID 2007-3.

I have attached the Review Summary Sheet for RATS 2007-3. We have had several submittals from other Agreement States for this amendment, where these sheets has been completed to accompany the proposed rule and which has include annotation of those provisions that the State believes it has already addresses the proposed revisions of RATS ID 2007-3 and meets the compatibility designations without any revisions to existing State regulations.

We will continue to process the Texas proposed regulations to incorporate RATS IDs: 2002-1, 2005-1, 2006-2, 2006-3, and 2008-1. The review has been assigned to Janine Katanic and it is our goal to complete the review within 60 days.

If you have any further comments or questions, please contact me. Thank you for your attention.
