On November 18, 2008, NRC staff (Tanya Simms, Terry Jackson, and William Roggenbrodt) participated in a telephone conference call with SCE&G representatives and observers (see below) regarding the staff's detailed review of the Summer Units 2 and 3 COL application. The purpose of the call was to discuss the requests for additional information (RAI) #1539.

The discussion focused on the applicant's response to the Boundary Environs Radiation reviewed in FSAR chapter 7, Section 7.5.

At the conclusion of the call, SCE&G stated that they will provide the responses.
