U.S. Department of State

Dear Mr. DeLaBarre:

Enclosed for your information are reports which list all 10 CFR Part 110 Non-Appendix P U.S. Nuclear Regulatory Commission export and import cases which were completed, received, or pending during the month of February 2009.

In summary, 12 cases were completed, 6 new license applications or amendment requests were received, and 22 cases are pending as of the date of this letter. Of the 12 cases completed, two cases required expedited handling due to extenuating circumstances faced by the applicant.

We are continuing our review of the existing pending cases that do not require Executive Branch views. We understand that for most of the pending cases listed in the report, the Executive Branch is waiting for foreign government assurances as required by the Atomic Energy Act of 1954, as amended by the Nuclear Non-Proliferation Act of 1978.

Sincerely,

/RA/

Scott W. Moore, Deputy Director
Office of International Programs
