Subject: GRANTED Dominion Virginia Power Tritium Exit Signs Request for Extension (Please Respond w/Name of Responsible Individual)

Dear Ms. Cuoco: this is to inform you that your request for a 60-day extension to respond to NRC's Demand for Information (DFI) regarding the tritium exit sign inventory has been granted. The new due date for response is May 15, 2009.

While the new due date for your response to the inventory is May 16, in accordance with one of the requirements in Item A of the DFI, NRC is still requiring that you respond with the name of the individual you have appointed for ensuring day to day compliance with the requirements to properly manage tritium exit signs. Please respond with the name of this individual at your earliest convenience.

Furthermore, please note that this extension does not relieve you of the regulatory requirement to report any lost, stolen, or missing signs you may discover as a result of your inventory efforts. Please refer to the DFI cover letter for instructions on reporting lost, stolen or missing signs.

You may contact Angela McIntosh at MSEA@nrc.gov or (301) 415-3340 if you have any questions.
