Lisle, IL 60532-4352

Dear Sir or Madam:

Deaconess Hospital would like to amend its NRC Byproduct Materials License, Number 13-00142-02, to change our Radiation Safety Officer from Raymond Poston to John P. Sutkowski, M.D. Dr. Sutkowski is currently listed on our license as an Authorized User and he has previously served as a Radiation Safety Officer on the USNRC Byproduct Materials License of Midwest Radiologic Imaging, Number 13-26401-01.

In addition, we request the removal of the exclusion to perform I-131 thyroid carcinoma therapy at the 4087 Gateway Boulevard address of use. We wish to be able to conduct outpatient thyroid carcinoma treatments at the address.

Finally, we request the removal from the license of Wendy Hanafee, M.D. as Authorized User. We also request the removal from the license of Bernard Okoth, M.S. as an Authorized Medical Physicist.

If there are any questions concerning this license amendment request, please contact our nuclear medicine physicist, Patrick Byrne, DABR, CHP, DABSNM, at 1-877-317-5811.

Sincerely,

Raymond Poston
