Subject: delay of Fermi SER Sec. 17.5 input

Chandu -

I have been assigned to complete Sec. 17.5 COL review of Fermi 3. This was previously assigned to Dan Pasquale (Rich McIntyre of CQVB is still the lead). Since the assignment, I have been primarily in training for qualifications and have been unable to complete the review yet. By the EPM schedule, the SER 17.5 input and RAIs are due Mar. 9.

I am asking for an extension of submission of the input and the RAIs uuntil April 30. This was discussed on Tues. with John Nakoski, my supervisor, and he suggested that I contact you. I am already committed to a vendor inspection the week of Mar. 9 and more off-site training the week of Mar. 23.

I will be out of the office tomorrow (Fri.), but will be back in the office Monday. I will contact you then regarding this request.

Thank you.
Donna
