Subject: RE: Fermi 3 RAI

This was only my third RAI, so I may have missed something. The first two seem to have went ok, but this one and my last one seem to be seting in the Pending Review status a long time.

David,

eRAI shows that RAI 2128 is assigned to you and that it is Pending Review. Are you the lead for this RAI or should it be reassigned? Also, what is the status of the review?
