Subject: Clarification on areas for tours during Comanche Peak Site audit

John,

Radiation Protection/Radwaste Tour - Tour of locations of the nearest receptors for doses from radiological effluents - residences, milk cows, milk goats, meat animals, vegetable gardens, fishing, shoreline recreational use, and drinking water users on lake or from wells; locations of radiological environmental monitoring stations under current Comanche Peak Units 1 and 2 and State of Texas monitoring programs; proposed locations of Comanche Peak Units 3 and 4 buildings that will contain radioactive material and radiological effluent points; locations of monitoring wells under NEI groundwater initiative; and Comanche peak Units 1 and 2 radwaste facilities.

Thanks,

Mike W.
