Subject: License amendment request
(NOTE: This will be used as the Documents Title in ADAMS)

I called Mr. Ramos because I wanted to verify that the instrument they wanted to use was a generally licensed device and void the amendment. Mr. Ramos told me that the instrument was coming from California but the project was postponed and they no longer were going to receive or use the device. I explained that if it is a generally licensed device they would not need to amend their license.
