In the Matter of
LOUISIANA ENERGY SERVICES, L.P.
(National Enrichment Facility)
Docket No. 70-3103-ML

Dear Administrative Judges:

Pursuant to 10 C.F.R. § 2.336, the Staff hereby provides notice that the LES Hearing File has been updated. The Hearing File Index and Privileged Document List are attached in their entirety, as well as an affidavit from the NRC Staff. While new documents (Nos. 402-413) were added to the Hearing File Index, no new documents were added to the Privileged Document List.

As indicated in the Board Notification dated May 26, 2005, the Staff has reassessed whether previously redacted documents pertaining to this hearing may be publicly disclosed, and has determined that information which was previously redacted can now be made available. Accordingly, the Staff is releasing for public disclosure previously redacted portions of 73 documents in the hearing file, and has modified the Hearing File Index and Privileged Document List. In regard to these documents, the indication of sensitivity (represented by an "X") in the "Sensitive" column was replaced with "Released - no longer sensitive." For the four documents listed on the Privileged Document List that are being disclosed, the "Explanation" column now indicates "Released - no longer sensitive [Hearing File #]." To further aid the parties as to which documents are being made available, a Previously Redacted Documents Index containing the 73 documents to be released is attached.

Please note that information considered proprietary under 10 C.F.R. § 2.390 will continue to be withheld from public disclosure.

Sincerely,

/RA/

Kathleen A. Kannler
Counsel for NRC Staff
