Mike,

I realize that you are probably not in today. I have been checking on good dates for the QA conference call. As of now, the best dates are:

2/16 (in the am), 2/17 and 2/19.

Please let me know if any of these dates work for your team.

Mike,

Sorry I took so long to respond to your first note (Monday's can be tough). One of our key persons (the Quality Assurance Manager) is not available that week. The next week is a possibility although I need to check with others. Do you want me to propose a day and time that works for us or would you rather get with your experts and make a new proposal?

Don,

An edit to the previous request - sometime during the 1 -2:30 timeframe would be best. I'm anticipating the call to take about a half hour to 45 minutes.

Thanks,

Mike
