This is another large hardcopy submittal. It will take some time for the attachments to be processed into ADAMS.

Hi Dennis,

Do you have all the attachments that go with this RAI response? This is only part of the submittal and many of the responses reference the attachments. I will check with the team about the availability the week of the 24th and get back to you. It looks like TVA has answered all the questions, with the exception of H-16, which they say they will have to NRC by April 23rd. I will also send these out to the team to have them check on completeness of the responses. I will let you know if we need clarification on any of the RAI responses.

Thanks –

Amanda
