SUBJECT: RECEIPT OF APPLICATION FOR AMENDMENT OF CERTIFICATE OF COMPLIANCE NO. 9261 - ACKNOWLEDGMENT LETTER

Dear Mr. Anton:

By letter dated October 5, 2006, Holtec International (Holtec) submitted an application requesting an amendment to Certificate of Compliance (CoC) No. 9261 for the Model No. HI-STAR 100 package.

This revision focuses on adding the Model No. HI-STAR 100 designed for use at Humboldt Bay to the CoC. Other supporting changes are proposed, and an update to the cask identification to B(U)F-96 in accordance with 10CFR71.19(e) is requested.

This letter acknowledges receipt of your application and informs you that the application appears to contain the necessary information to begin our technical review. We have established a schedule for the technical review of your amendment request. The schedule allows for the staff to issue a possible request for additional information (RAI) in April 2007. To meet the schedule, it is incumbent upon Holtec to respond promptly and comprehensively to any RAI. If no RAI is needed, and based on the staff's evaluation, the amended Certificate of Compliance may be issued at approximately that time.

Please reference Docket No. 71-9261 and TAC No. L24029 in any future correspondence related to this licensing action. If you have any questions regarding this matter, you may contact me at (301) 415-8500.

Sincerely,
