Paul,

Are you able to provide the aerial photographs discussed below to the NRC?

Thanks,

Doug

Doug:

As discussed, Martha Klein of CH2MHill provided to me in Oct. 2009 a set of numbered aerial photographs showing the original blowdown pipeline route. The aerial photographs showed the pipeline corridor and wetlands, as delineated by CH2MHill. The aerials are about 24" x 30". The entire route was covered by aerial photographs #s 32 thru 50, but #s 43 thru 50, in particular, showed the coastal emergent wetlands and tidal creeks that would be impacted.
