SUBJECT: UNIVERSITY OF MISSOURI—REQUEST FOR ADDITIONAL TIME TO RESPOND TO NRC REQUEST FOR ADDITIONAL INFORMATION REGARDING LICENSE RENEWAL (TAC NO. MD3034)

Dear Mr. Butler:

The U. S. Nuclear Regulatory Commission (NRC) received an electronic mail (e-mail) from Leslie Foyto dated September 1, 2010, which summarized discussions between your staff and staff of the NRC, requesting additional time to complete the responses to our request for additional information (RAI) provided by NRC letter dated May 6, 2010. By letter dated September 3, 2010 you answered 7 of 12 RAIs. You requested that answers to the remaining RAIs be submitted as they are completed on September 30, October 29 and November 30, 2010.

Based on our review we agree with your extension request because they were complex RAIs and, more notably, the University of Missouri continues to demonstrate progress in completing the RAI responses, and maintained good communication with the license renewal project manager regarding the status of your RAI response efforts.

The new dates for the completion of the remaining RAIs is as stated above. If you have any questions, please contact me by telephone at 301-415-1127 or by e-mail at Alexander.Adams@nrc.gov.

Sincerely,

/RA/
